CHRISTIE MacDONALD Miss Christie MacDonald, the charming petite star, joins the thousands of women of note in their praise for "Melorose."

Willard White Company. Dear Sirs: Permit me to congratulate you on your wonderful Melorose Beauty Cream and Face Powder, as well as number of other Melorose preparations have used. After using many other toilet preparations I can truthfully say I find the Melorose far superior, and I shall take great pleasure in recommending it to my friends and fellow-artists. Sincerely, (Signed) CHRISTIE MacDONALD,

#### MELOROSE FACE POWDER.

the very few powders that are not harmful to the skin. Melorose improves the complexion and protects the skin from heat, cold, wind, dust, etc., as would a fine veil, particularly when dusted on the face over a small amount of Melorose Cream, removing the "shine" upon the skin that makes the best groomed woman look vulgar at night; it gives a delicate and almost transparent velvety appearance to the skin; it does not blow off, and is so fine that it does not show. Has a dainty, flower-like odor, and is tinted perfectly to suit any complexion. Melorose gives universal satisfaction to people who appreciate articles of merit; it does not chap, scale, burn or smart the face and is very soothing to an irritated skin. 50c
